og kryss Dælenenga idretts-

plass, følg Malmøgata til høyre og ta

til venstre opp Gøteborggata.

Alternativt bruk sykkel.

FUNNY

- how things move
- how birds get off with beaks
- how potatoes make sense
- how furniture function
- how it goes without saying
- how mountains are made
- how a hard nut cracks
- how there's plenty more fish in the sea
- how clouds come and go
- how some talk chinese
- how the wind blows
- how you always do the right thing
- how nobody knows
- how accidents happen
- how the opera singers sing
- how sorrows are shaken off
- how dreams come true
- how it just goes on and on
- how stars look so small
- how sleeping is a pleasure
- how apples fall
- how new it all seems
- how shrimps move backwards
- how fingers grow nails
- how snow flakes turn into snow
- how people laugh
- how windows are seen through
- how some people get into trains
- how practice makes perfect
- how it could be otherwise

Wonderland is here. Strange things are constantly taking place. Nothing is too good to be true. See for yourself. Because when you look, things will look back, changed, all for the better.
