

DO&UNDO

1 high quality dancemat, 15 m long (depends on the space).

1 good soundsystem, lifted off the ground.

1 smokemachine, (smoke, not fog).

1 CD player on stage.

2 towers with 8 profile lamps in each, towers placed on left and right end of the dancemat.

1 lightmixer on stage, and technician who can make a chase-program and adjust the profiles.

Access to the main roof-light.

Gaffatape.

The friction of the floor needs to be discussed with Baktruppen before arrival.

The floor needs to be cleaned before rehearsals and before the show.

Baktruppen will arrange the stage together with technicians of the house.

Baktruppen might want to arrange how the audience are seated.

Warm warderobes with showers and towels.

Mineralwater.
